Dear Sirs

PCT/GB/00713

Reference: International Patent Application ~~PCT/GB/00713~~
Under The name of: The Doyle Family Trust

With regard to my recent conversation with your office, I request that the above patent application be taken to the US National Phase. I understand that the cost of moving the above patent to the National Phase is \$ 930 US Dollars. I have therefore enclosed this sum payable to; The Commissioner For Patents and Trade Marks. The patent number and the name under which the patent is registered has been written on the back of the cheque.

I have enclosed the following forms: PTO-1390 pages 1 & 2, PTO/SB/01

I would be most grateful if you could, in the first instance, send me by fax to the UK fax number, a copy of the patent receipt once you have received the National Phase payment.

Thank you for your kind assistance.

Yours faithfully

Kelvin Doyle BSc. (Hons)

Trustee of The Doyle Family Trust.
